Incarnate Church Planters' Gathering // 20-22 March 2012

Healthy churches, healthy planters

The annual gathering is a great opportunity to mix with a wide range of church planters, pioneers, overseers and those wondering if this could be their future.

Margaret Gibbs will help us explore 'Healthy church planters': Margaret served with BMS World Mission in Nepal and then at the Albanian Bible Institute and is now the BMS Regional Team Leader for Asia. A key part of her role is encouraging the physical and spiritual well-being of BMS personnel.

Stuart Murray Williams will help us to explore 'Healthy church plants': Too many churches planted in the past twenty years have failed to thrive, remained immature or developed pathologies of various kinds. What can we do to encourage and resource the planting of healthy, missional churches? Might our fear of measuring "success" be hindering us from asking the hard questions? How can we assess the health and vitality of the churches we plant?

The gathering will use a mix of workshops, interactive sessions, talks, coaching and times of prayer and reflection to explore the theme - all this and other content facilitated by the Incarnate Network team.

Starting 16:00 on 20th March until 13:00 on 22nd March.
