

Trevor Hutton
Guest Speaker

Trevor is the Executive Director of Momentum UK Ltd. Momentum is a agency aiming to inspire missional thinking and practice especially in areas of church planting and evangelism, and healthy church development.

Trevor is an ordained minister within the Church of the Nazarene (Wesleyan evangelical) working as a consultant to his denomination and other networks and organizations.

Trevor's role in Momentum UK also includes a secondment to Nazarene Theological College where he teaches missional theology and practice, arising out of his work in evangelism and church planting in Scotland and England.

Originally from Northern Ireland, Trevor is married to Sharon his Welsh wife and has two Scottish children, John-Mark (12) and James Luke (7).

Trevor continues to work on his own personal development as a reflective practitioner, undertaking a doctorate in practical theology in church planting.

He is an avid football fan, a whiz at Nintendo Wii, ten pin bowling, and enjoys playing sacred music on the guitar, especially Lennon and McCartney.

The Fellowship of Churches of Christ

The Church Planting Task Group (CPTG)

The CPTG of the fellowship exists to promote church planting within our network of churches and among other networks with a similar passion. Making disciples and gathering them into new communities who live out Kingdom of God values is the motivation behind what we do. We continue to make progress toward fostering and partnering in the start of 10 new

churches by the end of 2010. To date, we can identify at least six of these, and perhaps another half-dozen possibilities. Our current challenge is identifying and recruiting potential church planters and church planting teams. We hope you will explore with us what part you might play, and how we can help each other play our part in fostering a church planting movement in the UK, whatever network of churches of which you may be a part.

Healthy Church!

Church Planting Vision Day

The format will be interactive and inspirational. It will provide the opportunity to network, converse, and think about roles you can play in starting new churches, ranging from being part of a support team to initiating a new church plant. Even if you're not interested primarily in church planting, this day will help you think more missionally about your own current church situation. We will end the day by praying together and considering an embryonic church planting prayer network.

Schedule for the Day

- 9.30 Arrivals, coffee, registration
- 10.00 Welcome and introductions
- 10.15 Church Planting and Church Health, Trevor Hutton
- 11.00 Question Time with Trevor with Tea or Coffee
